# elements

Elements, Century's new outdoor upholstery collection, draws its beauty from clean, simple silhouettes which pay tribute to the arch, a ubiquitous architectural element that not only indicates structural relevance, but beauty by its graceful lines. The sweeping arches on the base of each piece are created by the taut synthetic fabric zipped over the powder coated aluminum frames. The result is a modern collection that is very linear, and yet the perfectly rounded arches give the pieces a hint of delicacy and airiness.

**DESIGN ELEMENTS**

- Built and finished like quality indoor furniture, but designed and engineered to perform beautifully for full-time outdoor exposure with routine maintenance.
- Frames are constructed of powder coated aluminum for durability.
- Synthetic fabric stretched over the frames.
- One color way of the synthetic fabric is offered, titanium.
- Century's innovative Driluxe cushions on all seating are constructed of water-repellent cover surrounding a high-resiliency foam core and wrapped with 100% polyester fiber, which is compliant with CAL 117 flame retardant standards.
- Any of Century's Outdoor fabrics or COMs are available on upholstered cushions.
