# CHIN HUA

With a nod to classic Oriental themes – alter tables, chow legs, lotus motifs and carved fretwork – Century’s new Chin Hua collection is reimagined using an array of unique materials and dazzling finishes. The combination of materials and finishes brings this furniture to life in surprising and beautiful ways. Stunning all together to make a room or standing alone as a jewelry piece – Chin Hua works today in both traditional and modern environments.

## Veneers, Stone, Finishes...

Chin Hua is a collection of unique materials. A range of wood species has been selected to achieve the designs. Ziricote—selected for its fiery patterns and depth of color, Maple Burl—a tight and beautiful veneer pattern, Primavera—a controlled veneer with limited movement, and Satin Walnut—for its rich, mineral streaks. Each species takes finish differently and as a result,

there is uniqueness to each piece. Complimenting the woods, Century has created three finishes that amplify the natural patterns in the veneers—Malachite, a rich green, Sapphire—a luminous blue, and Garnet—a spicy red. These three stains act like precious stones giving a setting that extra sparkle. Pakistan green onyx, black nickel plated metal, acrylic, antiqued mirror, textured slate and glass are all used to accent the wood.
